WATER MAY SERVE A DOUBLE PURPOSE

F. M. Lyman, Jr., whose filling on water in Parley's canyon for power purposes has been protested by the city, made a statement yesterday to the effect that he intended no challenge of city rights, and was eager to co-operate with the city to safeguard the waters of that creek.

"It has been said that by taking the water out above the proposed dam and using it for power purposes, the city's rights would be jeopardized," said Mr. Lyman. "But I am ready and willing to change my point of diversion to suit the city's needs. Whatever water I take out will be carried in a wooden stave pipe-line, the power extracted from it and the water returned to the city at a point above the intake to the Parley canyon conduit. In this way the water would be protected from contamination such as arises in the course of its flow down the open channel, and also from loss by evaporation and seepage. The city would have nothing to lose by such an arrangement and much to gain."

WEEK'S BIRTH RATE UNUSUALLY HIGH

Health department birth records for several years back were broken during the week ending Friday, when a total of 76 births were reported. This is four more than the previous record. The deaths, too, were more than usual, totalling 43. Of the births, 37 were boys and 39 were girls. Of the deaths, 23 were males and 20 were females.

A total of 83 cases of contagious and infectious diseases were reported as follows: Scarlet fever, 16; measles, 22; chickenpox, 24; whooping cough, 9; smallpox, 7; typhoid fever, 4; pneumonia, 1.

Get Rid of Pimples—Quick

By Using Stuart's Calcium Wafers—Natural Little Blood Purifiers That Work Like a Charm.

Don't despair if your face is covered with pimples, blotches, liver spots, or your body is covered in spots with letter rash, boils, etc. Just use Stuart's Calcium Wafers for a short time and see how quickly you will clear up your skin.

"It is Simply a Constant Joy to be Rid of Those Horrible Pimples."

Pimples and eruptions of all kinds come from the inside. The blood casts out the impurities it contains and thus pimples, boils, etc., appear. Cleanse the blood, stop the poison from developing in the blood tissues and pimples will vanish as if by magic.

Stuart's Calcium Wafers contain in a natural manner the greatest blood purifier—Calcium Sulphide.

Calcium Sulphide and the other ingredients of these remarkable little wafers are just what impure blood needs. You must know that the blood is rushing through our veins very fast. It takes less than a minute for our blood to cover the entire body.

You can thus readily see that Stuart's Calcium Wafers, when they enter the body, have an almost instant effect upon all impurities no matter where located, whether it be the tip of the nose or the ends of the toes.

By the use of Stuart's Calcium Wafers, your complexion will take on a fresher hue and a more natural series of tints than ever before.

Impure blood is blue or black. Purify it and it becomes ruby red. This color showing beneath the skin is the secret of all beautiful complexions.

Stuart's Calcium Wafers are sold by all druggists everywhere. Price 50 cents a box. (Advertisement.)

Glasses and Glasses

Never take chances with your eyes; they're your most precious gifts. Therefore when you feel the need of glasses get the professional optometrist on whom you can rely to make a thorough test and advise you.

Many folks seem to think that if they only wear glasses it will be all right with their eyes, regardless of who fitted them or whether they were fitted at all or not. Consult the Globe optometrists. Our examinations leave no defects undiscovered. We can fit your eyes with the proper lenses—that's the business of the professional optometrist, and we are at the head of the profession.

INTRODUCTORY SALE

Nemo DUPLEX SELF-REDUCING CORSETS

NOW let us clearly understand HOW this new Nemo lends such dainty shapeliness to a full figure; WHY it is supremely comfortable, and the greatest corset-value ever offered for \$3.50. It has the improved Self-Reducing front, with the curved front steels that support the abdomen so completely. The broad reducing straps, with Lastikops hose supporters, give extreme but easy reduction all around, below the waist.

And here's the new big feature! Deep bands of semi-elastic Lastikops Webbing form an extension at the back of the very long skirt. These bands are detached at the inner ends (see Figure 1), therefore can be laced more closely at the ends, giving a perfect incurve (see Figure 2).

Two similar models:

No. 327—with low bust \$3.50
No. 328—medium bust \$3.50

Fine white coutil, sizes 20 to 36. Now on sale throughout the United States and Canada.

For many figures, the most stylish and comfortable corset ever made.
